DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on August 22, 2006, has been entered.

Response to Arguments

2. Applicant's arguments, see pp. 14-17, filed August 22, 2006, with respect to claims 1-10, 13-24, 26-28, 30, and 31, have been fully considered and are persuasive. The rejections of claims 1-10, 13-24, 26-28, 30, and 31 have been withdrawn.

Allowable Subject Matter

3. Claims 1-10, 13-24, 26-28, 30, and 31 are allowed.

4. The following is an examiner's statement of reasons for allowance:

Independent claims 1, 10, 15, 24, and 28 define a configuration-client/configuration-server arrangement in which a client instantiates a loader and a configuration client in the client position during a bootstrap procedure that further includes reading a position identifier from a bootstrap properties file used to form an initial query to the configuration server. The prior art of record fails to expressly teach or fairly suggest this specific bootstrap procedure functionality in the context of the configuration client update procedure in the remaining portions of claims 1, 10, 15, 24, and 28. Claims 2-9, 13, 14, 16-23, 26, 27, 30, and 31 are considered allowable at least by virtue of their dependence from allowable claims 1, 10, 15, 24, and 28.

Art Unit: 2192

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
